

ALVA'S HOMOEOPATHIC MEDICAL COLLEGE & HOSPITAL

DEPARTMENT OF OBSTETRICS AND GYNECOLOGY

WORLD BREAST FEEDING AWARENESS DAY 2024

Date: August 12, 2024

Venue: AHMC

Organized by: Department of Obstetrics and Gynecology- **DR ANJALI S , HOD & ASSOCIATE PROFESSOR, DR SUPRIYA, ASSISTANT PROFESSOR**

Resource Person: Dr. Jaslin A S

Topic: Evidence-Based Homoeopathic Approach to Infertility

Objective: To raise awareness about the importance of breastfeeding and to discuss the role of homoeopathy in managing infertility.

Report:

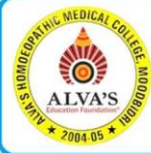

The Department of Obstetrics and Gynecology celebrated World Breastfeeding Day on August 12, 2024, with a special program featuring a lecture by Dr. Jaslin A S on "Evidence-Based Homoeopathic Approach to Infertility." The event aimed to promote breastfeeding awareness and explore the potential of homoeopathy in addressing infertility issues.

Dr. Jaslin A S delivered a comprehensive presentation, highlighting the latest research and evidence supporting the use of homoeopathy in treating infertility. The lecture covered topics such as:

1. The current understanding of infertility and its prevalence
2. The principles of homoeopathy and its application in infertility treatment
3. Evidence-based homoeopathic remedies and their efficacy in addressing infertility issues
4. Case studies and success stories of homoeopathic treatment in infertility

The presentation was followed by a Q&A session, where participants engaged in a discussion with Dr. Jaslin A S, seeking clarification on various aspects of homoeopathic treatment for infertility.

Outcome: The program was well-received by the audience, comprising healthcare professionals, students, and patients. The event achieved its objective of raising awareness about the importance of breastfeeding and highlighting the potential of homoeopathy in managing infertility.
